

Хмельницький національний університет

Співпраця з California State University Stanislaus

30.05.2022

В **2 семестрі 2021-2022** навчального року в рамках співпраці з університетом Станіслаус, Каліфорнія, США, старший викладач Дмитрошкін Денис Едуардович та професор каліфорнійського університету Карен Зандарскі проводили спільні заняття з дисципліни **“Introduction to Literature”**.

Метою співпраці є обмін досвідом та методикою навчання, а також практика англійської мови із носіями.

Під час занять студенти мали змогу практикувати англійську мову, ознайомитися із специфікою проведення занять в США, співпрацювати та вести дискусії із студентами з Америки та розповідати про культуру, життя, традиції та світогляд українців.

Надалі плануємо продовжити та розширити співпрацю з університетом Станіслаус задля якісної підготовки перекладачів.

From Stanislaus State To You

California State University Stanislaus is located in Turlock, California and was established in 1957.

Stanislaus State is a public university that offers over 100 different majors, minors, concentrations, and teaching credentials. Along with 24 master's degree programs and six graduate programs.

Stanislaus State has a smaller campus than the average American university, but it makes the students feel at home. This campus has beautiful scenery with multiple lakes and ponds that you can sit and study near. Not only is the scenery beautiful, but it is also home to different animals like turtles, geese, ducks, and more. These animals are lively with *Warrior Spirit*, just as is everyone on campus. The spirit motivates faculty, staff, and fellow students to reach out to newcomers and make them feel a part of the community.

We welcome anyone and everyone, no matter their background, into our campus and are happy to call them our friends, colleagues, and fellow *Warriors*.

Student Introduction:

Hi, my name is Ieylannie Sandoval and I'm a second year business major at CSU Stanislaus. Growing up in Turlock my whole life I found it easy to choose CSU Stanislaus as it was close to home and I felt that the environment of the school was the perfect fit for me. I truly enjoy attending this school as CSU Stanislaus is a beautiful campus with many resources for students. One of my favorites would have to be the newly renovated university student center. This is a great place for students such as myself who find it hard to find a quiet place at home to come and study. This is also a great way to interact with other fellow students and make friends as it is difficult to do so through online zoom sessions.

Where are we?

LIFE OF A STUDENT ATHLETE AT STAN STATE

A student athlete is a participant in an organized competitive sport sponsored by the educational institution in which he or she is enrolled. Student athletes must typically balance the roles of being a full-time student and a full-time athlete.

We have **14** sport teams on campus:

Men's Sports:	Women's Sports:
• Baseball	• Tennis
• Basketball	• Basketball
• Cross Country	• Cross Country
• Golf	• Softball
• Track & Field	• Track & Field (Indoor)
• Soccer	• Track & Field (Outdoor)
	• Soccer
	• Volleyball

Some sports play in the Spring and others play in the Fall, **BUT** we practice and train all year around!

BALANCE - As student athletes we have to keep a high GPA in order to be eligible to compete! So school and grades are **VERY** important!

FUN - Takes a lot of time and dedication but you get to meet new people and train with your friends!
